Public Charities and Foundations Benefit California Communities

Deliver vital community services

The Downtown Women’s Center (DWC) is the only organization in Los Angeles focused exclusively on serving and empowering women experiencing homelessness and formerly homeless women. Using the Housing First model, DWC provides 119 units of permanent supportive housing for single unaccompanied women across two residences in downtown Los Angeles.

Give voice to the people they serve

Net Impact empowers young people to achieve social change on campus and through building “impact careers.” By providing a peer network and online and in-person career development resources, they have created a community of over 80,000 student and professional leaders from over 300 volunteer-led chapters across the globe working for a sustainable future.

Contribute to vibrant communities

2020 Mom, formerly the California Maternal Mental Health Collaborative, is a national non-profit that promotes the mental health of women before, during and after pregnancy. Up to 20% of women will experience a maternal mental health disorder, like postpartum depression.

Advance solutions for challenges facing society

By 2029, the Stupski Foundation commits to ensure members of our communities have the food they need to lead active, healthy lives. The Foundation is partnering with community-based organizations and public agencies to improve outreach and enrollment in CalFresh, the state’s food assistance program. Their partners are developing scalable, user-centered solutions to reduce wrongful denials.
